

REMINGTON UMC

Two Favorite Shotguns and the Steel Lined "Speed Shells"

"Dope" on shooting is plentiful. And shooters know where the right dope comes from—and that it leads straight to *Remington-UMC*.

THE Remington-UMC Pump Gun and Autoloading Gun—these are the shotguns of today. Adopted everywhere, for use in the field and over the traps—shot by more of the men who are setting the pace in the sport than any other make of guns in the world.

In the matter of Shells—where is the sportsman who does not know the Remington-UMC "Speed Shells," *Steel Lined*—all the drive of the powder kept back of the shot, and showing results that flatter any make of gun?

For the right dope—see the Remington-UMC Dealer. He displays the *Red Ball Mark of Remington-UMC*—the sign that his store is Sportsmen's Headquarters of the town.

THE HOUSE OF MYSTERY.

There is an air of mystery around this old castle; there is a beautiful, romantic girl within its mystic walls.

Who is she? How did she get there? These are the questions the Fool asked of the caretaker of the venerable castle that high-handed old robber baron, the first of the Rothhoefens. And these are the questions the interested reader starts to ask—and keeps on asking—as this story unfolds.

Who is she? How did she get there? Read the Courier beginning Sept. 23. If you are not a subscriber, take advantage of our special offer—25c will bring the paper to your address until Jan. 1, 1916.

The 11 allied mills that have the cutting of the 25 million feet of gunstock are complaining of the southern walnut not cutting out satisfactory, being too bushy and sappy. And as soon as the contracts already let are completed, they will call all of their best agents north, as the northern timber is far superior. If interested, better see the local agent at once. Mrs. James Smith, of Charleston, eldest daughter of Wm. Knight, committed suicide Monday morning in the interurban station at Mounds, Ill., by drinking carbolic acid. Mrs. Smith a few weeks ago brought suit against her husband for abandonment. But a few days ago the sheriff received a letter from her telling him to notify the officials and Mr. Smith that she would not appear against him in court as she loved him far too much. She also said perhaps that some day he would learn his mistake and she would be waiting somewhere for him. It seems that Mrs. Smith could not endure waiting and ended her earthly misery by drinking a bottle of carbolic acid.

"The man behind the bottle," caused that railroad wreck when the score or more people went down in the accident. "engineer drunk." The man behind the bottle caused that boy to become a tramp, and brought disgrace upon his home. The man behind the bottle caused that wife to appeal to the circuit court for that divorce and the custody of the child. The man behind the bottle in that "Christian" (r) home caused the boy to go astray and made the father sorry "when it was too late." The man behind the bottle landed that young man from Fulton in the penitentiary for a crime he was ignorant of "because he was too drunk to know what he was doing." And yet, in the face of these well known facts, "men will continue to get behind the bottle." Our citizens are paying an awful price for "personal liberty." Where will it stop?

LITTLE ONE AT REST.

On Sept. 9th, the little and only daughter of Henry Mangold, Jr., and wife, age one year, nine months and ten days. Katherine was a bright, cheerful child. She was the pet of the home and loved by all who knew her. Her sweet presence is now only a cherished memory and her loving heart will never again beat responsive to papa and mamma. Her smile will no more cheer them or her sweet voice soothe them as in days gone by. The angel of death may come and gather such sweet tender lives, but the angel of life will claim them as her own.—A Friend.

5 Women Avoid Operations

For years we have been stating in the newspapers or the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGSON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgson, Me.

2. SHELBYVILLE, KY.—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.

3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ANA WILT, 303 Walnut St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GREGG, 2437 East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFIN, 1568 Constant St., Cleveland, O.
